

WELCOME
BACK!

Welcome Back to School!! Here are Leeway we have SO much fun!! In STEM, the children are learning about mixing colors, building and transportation.

The children got to explore with ramps. We used different types of balls, cars and buses to see which ones were the fastest! We sang The Wheels on the Bus and Mary Had a Little Lamb for our Nursery Rhymes this month!

In Miss Jess' class, the children are tasting apples and exploring the parts of an apple. In music (below), the children listened to songs, played the guitar and xylophone.

SCHOOL DAYS

The children are learning about Piet Mondrian's Composition with Red, Blue and Yellow. We used paints and colored paper to make our own edition!

ARTIST OF THE MONTH
